

HEALTHCARE SKILLS

LEARNING KITS

YOUR 1ST CHOICE!

WWW.MCCOYMEDICAL.COM

Dear McCoy Customer:

For over sixty years, McCoy Medical has been providing exactly what healthcare students need to progress through their education. McCoy's new Healthcare Skills brochure comes pre-loaded with the current and popular training supplies. In order to make your product selection process as easy as possible to find what your students need, we've divided this brochure into the categories that matter most to healthcare instruction.

To streamline your skills kit selection process even more, you can use this piece as an order form. Just check the boxes for those items your students need. If there are any items you need besides the most common training items listed, add them in the blanks provided at the end of each category.

It's really that simple!

If you'd like a customized bag or tote with your school or department information, we'll need your license-free artwork so we can add it to your quote.

We're proud of the fact that, last year alone, we helped over 44,000 students across the entire US succeed in their healthcare studies. We look forward to working with you as well.

Sincerely,

The Employee-Owners of McCoy Health Science Supply

MCCOY STANDARDIZED NURSING SKILLS KIT

McCoy's Standardized Nursing Skills Kit contains everything a nursing student needs for labs and clinicals. The kit's hospital quality equipment is packaged in a durable poly-canvas zippered tote bag with ID badge holder. Professors will also love this kit because they can spend more time teaching instead of ordering supplies and handing out equipment, and there are no minimum orders. Need something else in your kit that's not in the standardized skills kit? No problem! McCoy is happy to customize and quote your skills kit for you. Contact a McCoy sales rep about special kit needs and quotes.

Item#: 8880K

Every Standardized Nursing Skills Kit includes:

- 30ml 9% bacsodium NaCl
- Dressing change tray
- 3" NS stretch gauze
- 3" elastic bandage
- 5x9 ABD pad (2)
- 1" paper tape
- 4x4 8 Ply sterile gauze (2)
- 500ml 9% irrigation NACL
- IV primary admin set 15dr
- 16fr closed foley tray/swabsticks
- 14fr suction catheter kit
- Contro-piston irrigation syringe tray
- 3 compartment LF basic trach care tray
- 28g X 0.5 insulin safety 1cc syringe
- Disposable enema bag set
- Alcohol prep pads (10)
- 22g x 1 safety IV cath needle
- 3cc 25g x 5/8" syringe
- 1cc TB 25g x 5/8" syringe
- Latex exam glove large-pair
- Sterile latex exam gloves, medium
- High filtration disposable mask
- Disposable isolation gown, large
- Bouffant cap
- Non-skid shoe covers
- 15oz red travel mug
- Charcoal tote bag with McCoy logo
